SUMMARY

Computer Science graduate skilled in Java and Spring Boot, building REST APIs and web apps. Proficient in HTML, CSS, JavaScript, MySQL, and developing machine learning models using Python and Scikit-learn.

PROJECT

E-Gyan

- Softpro India • github.com/SunnyChoudhary850/E-Gyan • June 2024 – August 2024
- Built a web-based Online Education System using Java, Spring Boot, Thymeleaf, and MySQL.
 - Designed and implemented role-based authentication for students and faculty.
 - Developed REST APIs and integrated frontend using Thymeleaf for dynamic content rendering.
 - Implemented CRUD operations for course management, assignments, and student records.
 - Managed database relationships to efficiently handle academic and institutional data.

Wine Quality Prediction using Machine Learning

- SRMCEM Lucknow • github.com/SunnyChoudhary850/E-Gyan • April 2025 – May 2025
- Built a machine learning classification model to predict wine quality using 11 physicochemical features.
 - Applied algorithms such as Random Forest and Logistic Regression.
 - Performed data preprocessing, feature scaling, and exploratory data analysis (EDA).
 - Utilized Python libraries including Pandas, NumPy, Seaborn, and Scikit-learn.
 - Using Random Forest and Logistic Regression, achieving 77% accuracy in predicting wine quality.

Weather

- SRMCEM • github.com/SunnyChoudhary850/weather-new • October 2022 – December 2022
- Engineered a responsive weather web application using HTML, CSS, and JavaScript for cross-device compatibility.
 - Integrated a RESTful API using Fetch API to display real-time data for 3+ parameters (temperature, humidity, conditions).
 - Designed dynamic UI with instant city-based search, error handling, and input validation for improved reliability.
 - Optimized UI responsiveness to ensure consistent performance and better usability across the application.

EDUCATION

Bachelor of Technology (Computer Science)

Shri Ramswaroop Memorial College Of Engineering And Management • Lucknow • 2025

Senior Secondary

R.R. Conv. School • Gorakhpur • 2020

High School

SSDT Inter College • Gorakhpur • 2018

CERTIFICATIONS

Python

GUVI • 2023

Data Privacy Fundamentals

Cognitive Class • 2023

Cloud

Cognitive Class • 2022

Artificial Intelligence

Skill India • 2023

Java

Softpro India • 2024

SKILLS

Java, Python, SQL, HTML, CSS, JavaScript

NumPy, Pandas, Matplotlib, Scikit-learn

Visual Studio, Jupyter Notebook, Google Colab

Leadership and Mentoring, Excellent verbal communication skill, Good problem-solving and troubleshooting skill, Management skill
